Product description

This set of 19-inch "Cayman S" winter wheels for the Porsche 718 Boxster and Cayman (model 982) combines style with functionality for the cold season. The rims measure 8J x 19 ET57 for the front axle and 10J x 19 ET45 for the rear axle, ensuring an optimal fit and excellent driving stability.

The wheels are fitted with new Michelin Pilot Alpin 4 winter tyres, renowned for their outstanding performance on snow and ice. The tyre sizes are 235/40 R19 on the front axle and 265/40 R19 on the rear axle, providing excellent traction and control in winter conditions.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor tyre pressure for increased safety and efficiency.

The rims are marked as used, but are in mint condition with low mileage and possibly minimal signs of use or storage. The tyres are brand new (0 km mileage), giving you the assurance that there is no previous wear and tear.

The OEM number for this set is 98204460014CMN, which ensures authenticity and a specific fit for the models mentioned. This high-quality winter wheel set is an excellent choice for drivers who do not want to compromise on performance and aesthetics, even in the winter months.
