Available:	<b>ready for shipping</b>
<b>Price:</b>	<b>779,44 €</b> <b>(nett:654,99 €)</b>

### Product description

The original Porsche 911 991.2 Carrera VI wheel rim, measuring 11.5J x 19 ET56, is the perfect choice for those who want to maintain the authentic look and performance of their vehicle. The wheel has been specially designed for the Porsche 911 991 model, which guarantees a perfect fit and optimal driving characteristics in accordance with Porsche's technical standards. The wheel has a diameter of 19 inches, a width of 11.5J and an offset (ET) of 56, which ensures excellent stability and handling.

Available in Brilliantsilber (feature code: 8Z8), the wheel adds elegance and sophistication, emphasising the aesthetics of the Porsche. Although this is a used product, the wheel is in very good condition and free from damage, confirming its quality and value. As an original Porsche part (OEM number: 991362560018Z8), it ensures full compatibility and preservation of the vehicle's originality, which is crucial for maintaining its value and performance.

The wheel rim is universal – it can be mounted on both the left and right sides of the vehicle (L=R) and is designed for mounting on the rear axle (Rear). It is ideal as a replacement for a damaged wheel or as an upgrade to the appearance of your vehicle. Investing in a Porsche 911 991.2 Carrera VI wheel is an excellent way to combine style, performance and original Porsche quality.
