Product description

This set of Turbo V winter wheels is specially designed for the Porsche 911 model 992.1 Turbo built between 2020 and 2024. The set includes high-quality rims and winter tyres that are perfectly matched to ensure optimum performance and safety in winter conditions. The rims are sized 8.5J x 20 ET40 for the front axle and 11J x 21 ET66 for the rear axle, providing an excellent fit and outstanding driving stability.

The Michelin winter tyres supplied in sizes 245/35 R20 for the front axle and 305/30 R21 for the rear axle offer excellent grip and traction on snow and ice. This tyre combination ensures an optimal balance between handling and comfort. The item is new, unused and undamaged, making it a safe choice for your vehicle. As Porsche Genuine Parts, these winter wheels guarantee the highest quality and durability. The OEM number for this set is 992044601AA, which ensures authenticity and a specific fit for your Porsche 911 model 992.1 Turbo. Invest in this set of Turbo V winter wheels to keep your driving experience safe and stylish during the winter months.
