The rims measure 8J x 20 ET57 for the front axle and 10J x 20 ET45 for the rear axle, ensuring an optimal fit and excellent driving characteristics. They are finished in an attractive high-gloss black that gives every vehicle a striking and elegant look.

The wheels are fitted with high-quality Good Year tyres, available in 235/35 ZR20 at the front and 265/35 ZR20 at the rear. These tyres offer excellent grip and high mileage, ideal for sporty driving in the summer months.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the condition of your tyres for added safety and efficiency. The rims and tyres are classified as new, with low mileage and possibly minimal signs of use or storage, while the tyres are factory new (0 km mileage).
