Product description

This set of 20" SportTechno summer wheels for the Porsche 911 model 991.1 C4/4S/GTS (all-wheel drive, pre-facelift) is an excellent choice for drivers looking for both style and performance. The rims measure 9J x 20 ET51 and 11.5J x 20 ET48, ensuring a perfect fit and excellent driving stability. This wheel set is equipped with high-quality Pirelli P Zero summer tyres, available in sizes 245/35 R20 and 305/30 R20, to provide optimal grip and excellent handling characteristics in warm weather conditions.

The wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure for increased driving safety. The OEM numbers for these wheels are 99104460280 and 99104460230, confirming their authenticity and compatibility with the Porsche 911 model 991.1. Although these wheels are marked as used, they are Porsche original parts that are new or as good as new. The rims have low mileage and may show minimal signs of use or storage, while the tyres are factory new (0 km mileage). This wheel set is therefore an excellent choice for Porsche owners who want to equip their vehicle with high-quality, original and stylish components.
