Price:	7.442,84 € (nett:6.254,49 €)

Product description

This set of "Turbo Exclusive Design" summer wheels is specially designed for the Porsche 911 model 992.1 Turbo and Turbo S, except for models with central locking. The combination of 20-inch and 21-inch wheels, consisting of rims in sizes 9.5J x 20 ET44 and 12J x 21 ET70, is fitted with high-quality Pirelli summer tyres in sizes 255/35 R20 and 315/30 R21. These tyres offer an optimal balance between grip and driving comfort. The wheels themselves are made of forged light alloy and feature a one-piece 5-spoke design. The high-gloss black finish, combined with a high-sheen face and a high-sheen rim edge, gives your vehicle a particularly elegant and sporty look. This wheel set is not only a visual highlight, but also technically tailored to the high demands of the Porsche 911 to ensure the best possible performance and safety.

The OEM number for this wheel set is 992044660AG, which confirms its authenticity and quality as a Porsche original part. The wheels are in new condition, which means they are unused, undamaged and in perfect condition. This exclusive wheel set is an excellent choice for drivers who value quality, performance and outstanding design. It is specially designed for summer use and helps to optimise the driving experience in your Porsche 911 992.1 Turbo or Turbo S.
