Available:	shipping in 2-3 weeks
<b>Price:</b>	<b>4.332,42 €</b> <b>(nett:3.640,69 €)</b>

## Product description

This set of 20" Carrera Classic II summer wheels is specially designed for the Porsche 911 model 991.1 C2/C2S (rear-wheel drive, pre-facelift). The combination of high-quality rims and brand-new Pirelli summer tyres offers optimum performance for your vehicle. The rim sizes are 8.5J x 20 ET51 for the front axle and 11J x 20 ET70 for the rear axle, ensuring excellent road holding and stability when cornering.

The tyre dimensions are 245/35 ZR20 for the front tyres and 295/30 ZR20 for the rear tyres, ensuring excellent grip and driving comfort during the summer months. These wheels are ideal for vehicles without a tyre pressure monitoring system (TPMS sensors).

The OEM numbers for these wheels are 99104460257 and 99104460207, confirming their authenticity and compatibility with the Porsche 911 991.1 C2/C2S. Although the rims are used, they are in mint condition with very low mileage and possibly minimal signs of use or storage. The tyres are factory new (0 km mileage), giving you the confidence that no previous wear or ageing will compromise quality.

This wheel set is not only an aesthetic upgrade for your vehicle, but also an investment in safety and driving performance during the warmer months. Ideal for Porsche enthusiasts who value original parts and optimal performance.

## Technical specifications

Front rims:	Article number: 99136216130OC6 Quantity: 2 Rim width: 8,5J Rim diameter (inch): Offset (ET):
Rear rims:	Article number: 99136216630OC6 Quantity: 2 Rim width: 11J Rim diameter (inch): Offset (ET):
