Price:	6.262,42 € (nett:5.262,54 €)

Product description

This set of 20-inch Carrera S III summer wheels is specially designed for the Porsche 911 model 991.1 Carrera 4 and Carrera 4S (all-wheel drive, pre-facelift). The wheel combination includes rims in sizes 8.5J x 20 ET51 for the front axle and 11J x 20 ET52 for the rear axle, ensuring an excellent fit and optimum driving performance.

The rims feature an attractive platinum silk matt finish, which is not only aesthetically pleasing but also offers high resistance to environmental influences. The fitted Pirelli summer tyres in sizes 245/35 ZR20 for the front axle and 305/30 ZR20 for the rear axle offer excellent grip and stability at high speeds, significantly improving driving safety and handling.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the condition of your tyres and inform you in good time of any pressure loss or other relevant problems. This not only increases safety, but also fuel efficiency.

The OEM number for this set is 99104460276, which confirms its authenticity and quality as a genuine Porsche part. These wheels are new, unused and undamaged, making them an excellent choice for anyone who wants to equip their vehicle with high-quality original parts.

Ideal for drivers who value performance, safety and style, this wheel set is an excellent investment to get the most out of your Porsche 911 991.1 Carrera 4/Carrera 4S.
