Product description

This product is a set of 20" Cayenne COUPÉ Design Winter Wheels specifically designed for the Porsche Cayenne COUPÉ E3/9Y0 II with the Facelift from 2023 onwards. The set includes both front and rear wheels with dimensions of 9J x 20 ET50 and 10.5J x 20 ET55 respectively, perfectly tailored to maintain the aesthetics and performance standards of your Porsche.

The wheels are equipped with high-quality Pirelli winter tires, sizes 255/55 R20 for the front and 295/45 R20 for the rear, ensuring optimal grip and safety during colder weather conditions. These tires are renowned for their excellent snow and ice performance, providing enhanced traction and stability.

Additionally, the set comes with RDK sensors (Tire Pressure Monitoring System sensors), which are crucial for monitoring the tire pressure, enhancing both safety and fuel efficiency. The sensors help in maintaining the correct tire pressure, which is particularly important in fluctuating winter temperatures.

The OEM number for this set is 9Y0044638AB, confirming its authenticity as a genuine Porsche Original part, designed to fit and function perfectly with the specified models. This new, unused, and undamaged item is an essential upgrade for your Porsche Cayenne COUPÉ, ensuring performance and reliability during the winter season.

This wheel set not only enhances the safety features of your vehicle but also complements its luxurious and sporty design, making it a perfect blend of functionality and style for the Porsche enthusiast.
