Discount:	15%
Available:	ready for shipping
Price:	3.929,69 € (nett:3.302,26 €)

Product description

This set of 20-inch "Cayenne Design" winter wheels is specially designed for the Porsche Cayenne E3/9Y0 II facelift from 2023 onwards, excluding the Cayenne Coupé. The wheels offer an optimal combination of style and functionality for the cold season.

The rims in this set measure 9J x 20 ET50 for the front axle and 10.5J x 20 ET64 for the rear axle, ensuring excellent driving stability and an attractive appearance. The Pirelli winter tyres fitted to the wheels, measuring 255/55 R20 at the front and 295/45 R20 at the rear, offer excellent grip and safety on winter roads. An additional feature of this wheel set is the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and thus ensure increased driving safety.

The wheels are new, unused and undamaged, making them a reliable choice for your Porsche. They meet the high quality standards of Porsche original parts, as confirmed by the OEM number 9Y0044605AB.

This winter wheel set is not only functional but also aesthetically pleasing, helping your Porsche Cayenne retain its sporty elegance even in winter. Ideal for drivers who do not want to compromise on performance and safety, even in snow and ice.

Technical specifications

Front rims:	Article number: 9Y0601025CT88Z Quantity: 2 Rim width: 9J Rim diameter (inch): Offset (ET):
