Product description

This high-quality wheel rim for the Porsche 911 model 992 from the "Sport Classic 911 Turbo 50 Years" series impresses with its elegant design and excellent workmanship. The rim has a size of 9.5J x 20 with an offset (ET) of 44 and is painted in a brilliant high-gloss white, which gives it a particularly attractive appearance. The colour code designation C9A confirms the specific white that perfectly matches your Porsche.

The rim is suitable for use on the front and rear axles (L=R) and offers secure and stable mounting thanks to its central locking system. This model is specially designed for the Porsche 911 992 series and bears the OEM number 992601025APC9A, which underlines its authenticity and quality as an original Porsche part.

The condition of the rim is new, which means it is unused, undamaged and in perfect condition. As an original Porsche part, it not only guarantees a perfect fit, but also compliance with Porsche's high quality standards, which ensure a long service life and outstanding performance.

This wheel is ideal for drivers who want to enhance the appearance of their Porsche 911 992 with a classic yet distinctive detail that is both aesthetically pleasing and functionally superior.
