Discount:	35%
Available:	ready for shipping
Price:	4.402,49 € (nett:3.699,57 €)

Product description

This set of 20" Turbo III summer wheels is specially designed for the Porsche 911 model 991.1 Carrera 2 and Carrera S (rear-wheel drive, pre-facelift). The combination of high-quality rims and new Pirelli summer tyres offers optimum performance for your drive. The rims measure 8.5J x 20 ET51 for the front axle and 11J x 20 ET70 for the rear axle, ensuring excellent road holding and stability.

The Pirelli summer tyres mounted on them, measuring 245/35 ZR20 for the front axle and 295/30 ZR20 for the rear axle, offer excellent grip and high mileage, ideal for warm weather conditions. These wheels are particularly suitable for vehicles without a tyre pressure monitoring system (TPMS sensors).

The OEM number for this wheel set is 99104460263. Although the rims are used, they are in mint condition with very low mileage and minimal signs of use or storage. The tyres are brand new (0 km mileage), giving you the assurance that there is no previous wear and tear.

This wheel set is an excellent choice for drivers who value quality and performance while wanting to preserve the original design of their Porsche 911.

Technical specifications

Front rims:	Article number: 991362161060C6
	Quantity: 2
	Rim width: 8,5J
	Rim diameter (inch): Offset (ET):
