| Price: | 4.332,42 € (nett:3.640,69 €) |

Product description

This set of 20-inch Carrera Classic II summer wheels is specially designed for Porsche 911 models in the 991.1 series prior to the facelift, including the Carrera 4, Carrera 4S and GTS versions with all-wheel drive. The wheels are fitted with high-quality Pirelli P Zero summer tyres, which offer excellent performance and grip on both dry and wet roads. The tyre dimensions are 245/35 ZR20 for the front axle and 305/30 ZR20 for the rear axle, ensuring an optimal balance between comfort and sportiness.

The rims are 8.5J x 20 ET51 for the front axle and 11J x 20 ET52 for the rear axle, ensuring a perfect fit and excellent driving stability. These wheels are ideal for drivers who want to take their vehicle's performance to a new level without compromising on aesthetics. The classic Carrera Classic II design line gives your Porsche a stylish and timeless look. Please note that these wheels are suitable for vehicles without a tyre pressure monitoring system (TPMS). The rims and tyres are new or as good as new, with the rims having low mileage and possibly showing minimal signs of use or storage. The tyres are factory new (0 km mileage). The OEM numbers for these wheels are 99104460277 and 99104460227, confirming their authenticity and quality as genuine Porsche parts. This set is an excellent choice for Porsche enthusiasts who value originality and the highest quality.
