Available:	availability on request
Price:	5.480,26 € (nett:4.605,26 €)

Product description

This set of 21-inch "Exclusive Design" summer wheels is specially designed for the Porsche Taycan J1 (2019-2024) and offers a perfect combination of style and performance. The rims, in sizes 9.5J x 21 ET60 for the front axle and 11.5J x 21 ET66 for the rear axle, are finished in an elegant silver, giving your vehicle a luxurious and attractive appearance.

The wheels are fitted with brand new Goodyear summer tyres, dimensions 265/35 R21 at the front and 305/30 R21 at the rear, offering excellent grip and stability at high speeds as well as improved handling in warm weather conditions. This combination ensures optimum road holding and safety.

The rims are marked as Porsche original parts and are in mint condition with very low mileage. Possible minimal signs of use or storage do not affect the quality or appearance of the wheels. The tyres are factory new (0 km) and therefore offer the full performance and durability you would expect from Goodyear.

The OEM number for this wheel set is 9J1073660P, which ensures authenticity and a specific fit for the Porsche Taycan. This high-quality wheel set is an excellent choice to enhance the aesthetics and performance of your Porsche Taycan.
