<b>Price:</b>	<b>4.860,57 €</b> <b>(nett:4.084,51 €)</b>

## Product description

This high-quality set of 21-inch winter wheels in RS Spyder design is specially designed for the Porsche Cayenne model 9Y0 from 2023 onwards, but is not suitable for the Cayenne Coupé. The wheels carry the OEM number 9Y0044604C 24-67 and are certified as original Porsche parts, ensuring a perfect fit and outstanding performance.

The set includes four high-gloss black rims measuring 9.5J x 21 ET46 for the front axle and 11.0J x 21 ET58 for the rear axle. These are fitted with premium Pirelli winter tyres, available in size 285/45 R21 at the front and 305/40 R21 at the rear. This tyre combination offers optimum traction and safety in winter conditions. The tread depth of 6-7 mm indicates low wear and very good tyre condition. An integrated tyre pressure monitoring system increases driving stability by continuously informing the driver of the current tyre pressure. The rims and tyres are used but in very good condition and undamaged. This wheel set combines functionality with aesthetic appeal thanks to the sporty RS Spyder design and high-gloss black finish, making it an excellent choice for drivers who value safety, performance and style.

## Technical specifications
