Product description

Upgrade your Porsche Cayenne E3/9Y0 I (2019-2023) for the winter season with this exclusive set of 21" Cayenne Coupé Turbo Design winter wheels. This set includes two front rims sized at 9.5J x 21 ET46 and two rear rims sized at 11.0J x 21 ET49, all finished in a sophisticated platinum silk matte. The wheels are equipped with brand new Pirelli winter tires, with dimensions 275/40 R21 for the front and 305/35 R21 for the rear, ensuring optimal grip and performance in cold weather conditions.

Each wheel is fitted with RDK sensors for real-time tire pressure monitoring, enhancing both safety and vehicle performance. The OEM number for this set is 9Y0044630G, confirming its authenticity as a genuine Porsche accessory designed specifically for the Porsche Cayenne model 9Y0 (2018 and newer).

This set is in a used condition but qualifies as 'like new' with very low mileage on the rims and brand new tires that have never been driven (0 km). These wheels are an excellent choice for Porsche owners looking to maintain high performance and safety during the winter months while also adding a touch of elegance to their vehicle's appearance.
