Available:	availability on request
Price:	5.110,44 € (nett:4.294,49 €)

Product description

This set of 21" Cayenne Exclusive Design summer wheels is specially designed for the Porsche Cayenne E3/9Y0 I (pre-facelift, not suitable for the Cayenne Coupé). The wheel combination includes rims in sizes 9.5J x 21 ET46 and 11.0J x 21 ET58, which ensure a perfect fit and excellent driving stability. The rims are finished in an elegant black, giving your vehicle a stylish and striking appearance.

In addition, the rims are fitted with brand new Pirelli P Zero summer tyres, which are renowned for their outstanding performance and reliability. The tyre sizes 285/45 R21 on the front axle and 315/40 R21 on the rear axle offer optimum grip and excellent road holding in warm weather conditions.

Another feature of this wheel set is the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in each tyre and contribute to safety by alerting the driver to any loss of pressure. The OEM number for this wheel set is 9Y0044663H, which confirms that these are genuine Porsche parts. These wheels are used but in very good condition and undamaged. This exclusive wheel set is an excellent choice for drivers who value quality, safety and striking design. It fits perfectly with the Porsche Cayenne E3/9Y0 model and is an excellent way to enhance the appearance and performance of your vehicle.
