Available:	availability on request
Price:	5.693,54 € (nett:4.784,49 €)

Product description

The RS Spyder Design summer wheel set for the Porsche Cayenne E3/9Y0 II (facelift from 2023, not compatible with the Cayenne Coupé version) is the perfect choice for drivers who value both style and functionality. The set includes four wheels: two 9.5J x 21 with ET46 offset and two 11.0J x 21 with ET58 offset, ensuring excellent stability and appearance. The wheels are coated with black high-gloss paint, adding elegance and a modern character.

Pirelli P Zero tyres, in sizes 285/45 R21 for the front wheels and 315/40 R21 for the rear, are known for their exceptional grip and performance on dry and wet asphalt, making them the ideal choice for summer road conditions. The set also comes with RDK sensors (tyre pressure monitoring system), which increase safety and driving comfort by informing the driver about the tyre pressure in real time.

The OEM number for this set is 9Y0044663F, which confirms its authenticity and guarantees full compatibility with the above-mentioned Porsche Cayenne models. The product is new, unused and undamaged, ensuring long-term satisfaction.

By choosing this wheel set, customers not only receive a high-quality product, but also the assurance that these are genuine Porsche parts, which is important for maintaining the value and performance of the vehicle.

Technical specifications

Front rims:	Article number: 9Y0601025FD041 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
