## Product description

This high-quality set of 21" Porsche Macan Turbo winter wheels for the 95C model is the ideal solution for anyone who doesn't want to compromise on performance and aesthetics, even in the coldest months of the year. The set includes four rims in sizes 8.5J x 21 ET27 and 10.5J x 21 ET47, presented in an attractive high-gloss black finish that gives your vehicle a stylish appearance.

The rims are fitted with Michelin Pilot Alpin 5 SUV winter tyres in sizes 255/45 R21 and 285/40 R21, which ensure excellent traction and safety on winter roads. These tyres have been specially developed for the requirements of SUVs and offer an optimal balance between wet grip and snow performance.

The combination of robust rims and high-performance tyres not only guarantees optimum driving dynamics, but also a stylish appearance for your Porsche Macan. The rims and tyres are specially designed for the Porsche Macan model 95C, ensuring a perfect fit and performance. The OEM number for this set is 95C044601C, which confirms its authenticity as original Porsche parts.

The condition of the item is new, which means that you will receive an unused, undamaged item delivered directly from Porsche. This winter wheel set is not only a functional upgrade for your Porsche Macan, but also an aesthetic one that leaves nothing to be desired. Ideal for Porsche drivers who do not want to compromise on the quality and performance they are accustomed to, even in winter.
