Product description

The 21" Turbo V summer wheel set for the Porsche Panamera G2/971, specially designed for the Turbo S and 4S E-Hybrid models, offers an excellent combination of style and performance. These high-quality wheels are equipped with rims in sizes 9.5J x 21 ET71 and 11.5J x 21 ET69 and come with Michelin summer tyres in sizes 275/35 R21 for the front axle and 325/30 R21 for the rear axle. The integrated TPMS (tyre pressure monitoring system) sensors ensure constant monitoring of tyre pressure, which increases both the safety and performance of the vehicle.

This set is only suitable for the above-mentioned Porsche Panamera G2/971 models and has the OEM number 971044665L. As original Porsche parts, these wheels guarantee a perfect fit and meet the highest quality standards. The wheels are new, unused and undamaged, making them an ideal choice for drivers who do not want to compromise on quality and performance.

With their elegant design, these wheels not only enhance the aesthetic appearance of your Panamera, but also offer improved road holding and optimised handling during the summer months. Ideal for drivers who value quality, safety and outstanding performance.
