### Product description

This set of 22" RS Spyder summer wheels for the Porsche Cayenne Coupé E3/9Y0 is an excellent choice for drivers who value performance and aesthetics. The combination of high-quality rims and first-class Michelin summer tyres ensures optimum handling and safety during the warmer months.

The rims measure 10J x 22 ET48 on the front axle and 11.5J x 22 ET52 on the rear axle, guaranteeing a perfect fit and excellent driving stability. The Michelin tyres, with dimensions of 285/35 R22 at the front and 315/30 R22 at the rear, offer excellent grip and high mileage. An additional advantage of this wheel set is the integration of TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres and contribute to vehicle safety.

The rims and tyres are used but in very good condition and undamaged. They are original Porsche parts, specifically for the Cayenne 9Y0 model (from 2018 onwards), which ensures their fit and quality. The OEM number for this set is 9Y0044640NMJE1.

This wheel set is not only functional but also visually appealing, as it is finished in black, giving your Porsche Cayenne a striking and stylish look. Ideal for drivers who are looking for a combination of performance, safety and elegance.
