Product description

The Porsche Chronograph 1 Hodinkee 2024 Edition is an exclusive wristwatch produced in a limited edition of only 350 pieces. Inspired by the legendary design of the Porsche 911 and the original Chronograph 1, designed by Professor Ferdinand Alexander Porsche, this watch combines classic aesthetics with state-of-the-art technology.

This automatic chronograph has a case size of 41 mm and is made of high-quality titanium, giving it a robust yet elegant look. The dial is finished in a deep black, which emphasises the clean lines and purist design that make Porsche Design so iconic.

The watch is handcrafted at Porsche's own watch factory in Solothurn, Switzerland, guaranteeing its exclusivity and quality. Technically, the chronograph is state-of-the-art, offering reliable timekeeping and featuring a "patina" that commemorates the 50-year history of Porsche Design.

The watch bears the OEM number WAP0710200SHOD and is classified as a new, unused and undamaged item. It is not only a timepiece, but also a piece of Porsche history that you can wear on your wrist. Ideal for collectors and enthusiasts who not only want to experience the Porsche legend, but also want to feel it physically.
