Price:	1.158,38 € (nett:973,43 €)

Product description

This high-quality brake disc for the rear axle RIGHT is specially designed for the Porsche 911 992 GT3/GT3RS and 718 Cayman GT4 models. It has the OEM numbers 9GT615602E and 9GT615602B and is an original Porsche part, which guarantees optimal fit and performance.

The brake disc is new and unused, meaning it is free from damage and in perfect condition. Using original parts such as this brake disc ensures that your vehicle's braking performance remains at the highest level and that the safety and efficiency of the braking system are maintained.

Installing this brake disc on the rear right axle not only improves braking performance but also helps to extend the service life of the brake components. It has been specially developed for the high demands of motorsport and on the road, making it an excellent choice for drivers who do not want to compromise on the performance of their vehicle.

In summary, this brake disc is a reliable choice for your Porsche, not only increasing driving safety but also maximising your vehicle's potential.
