## Product description

This high-quality side panel for the air intake of the Porsche 718 Cayman 982 GT4RS in the Weissach package is an exclusive component for the right side of your vehicle. Made from glossy carbon, it not only enhances the appearance but also optimises airflow for engine cooling. The cover is specially designed for the Porsche 718 Cayman 982 model and fits seamlessly with the sporty contours of your car. The OEM numbers for this part are 982853990C A3G and 982853990A A3G, confirming its authenticity and compliance with Porsche's high quality standards. As an original Porsche part, it guarantees a perfect fit and function, which simplifies installation and ensures the longevity of the part. The product is new, which means it is a new, unused and undamaged item. This replacement part is ideal for owners of a Porsche 718 Cayman who value original parts and maintaining the integrity of their vehicle.

The use of carbon not only as a structural element but also as a decorative feature speaks to Porsche's modern technology and commitment to quality and design. This side panel is an excellent choice for anyone looking to enhance their vehicle both technically and visually.
