<b>Price:</b>	<b>3.597,47 €</b> <b>(nett:3.023,08 €)</b>

## Product description

This genuine Porsche Macan instrument cluster, designed specifically for models from the 95B series (2014-2021), is an essential component for drivers who value accuracy and functionality in their vehicle's dashboard. The cluster is equipped with a PDK (Porsche Doppelkupplung) indicator and features a stylish silver/black dial that enhances the interior aesthetics of your Porsche while providing clear visibility of speed and other critical vehicular statistics, all measured in km/h. The part numbers associated with this instrument cluster include 95B920901KA6N3, 95B920901JR6N3, 95B920901JN6N3, 95B920901JF6N3, 95B920901HT6N3, and 95B920901HQ6N3, ensuring compatibility with specific vehicle configurations within the Porsche Macan range. This used item is in excellent condition, showing no signs of damage, and maintains the high quality expected from original Porsche parts. This instrument cluster is not just a replacement part; it is an upgrade to your vehicle's functionality and interior design. Whether you are looking to replace a malfunctioning tachometer or simply wish to restore the pristine condition of your vehicle's dashboard, this Porsche Macan instrument cluster meets all your needs with guaranteed compatibility and reliability.
