Available:	ready for shipping
Price:	9.911,00 € (nett:8.328,57 €)

Product description

Porsche Design - the Chronograph 1 - 911 (992) S/T.

Goosebumps since 1963. And around the clock.

Legend, myth, icon: the 911 has been the epitome of innovative design and engineering for 60 years. New generations of the legendary Porsche have always made the hearts of sports car fans beat faster – from the F model to the 964 to today's 992. This also includes the 911 S/T 2.4., which was developed for racing using motorsport-proven lightweight components based on the 911 S. To mark the 60th anniversary of the 911, there is now the new 911 S/T – strictly limited to 1,963 units. Alongside, Porsche Design presents the Chronograph 1 – 911 S/T, which incorporates the characteristic features of its motorised counterpart in numerous details, bringing them to your wrist.

The handcrafted chronograph is reserved exclusively for owners of the 911 S/T.

This is a unique opportunity to become the owner of this watch without purchasing a 911 S/T car.

The watch comes with the original purchase receipt from the Porsche Center.

- Derived from the 911 S/T.
- COSC-certified Porsche Design caliber WERK 01.240 with flyback function
- Lightweight case made of titanium
- Leather strap with symmetrical hole pattern and titanium strap with double folding clasp and quick-change system
- 360-degree rotor in wheel design
- Minute display on the bezel ring in a heritage tachometer look
