Available:	<b>shipping in 10-14 days*</b> *provided the product is available at the manufacturer
<b>Price:</b>	<b>1.790,00 €</b> <b>(nett: 1.504,20 €)</b>

## Product description

The designer gaming chair for top performance and full back support: The RECARO x Porsche Gaming Chair, developed in cooperation with the long-standing company RECARO, is an exclusive, limited version of the RECARO Exo Platinum. High-quality materials and excellent workmanship make the gaming chair a true design piece and work of art. The design highlight is the seat centre, which is made from original Porsche Pepita houndstooth fabric. Combining the Black fabrics on the side panels and headrest as well as the Black seat shell and back, the gaming chair has a particularly elegant look. As with the seats used in cars, the front of the headrest is embroidered with the Porsche Crest in the same location, while the back of the headrest bears the RECARO logo. The ergonomically optimised seat shell made of high-quality upholstery foam and breathable fabrics not only ensures optimal seat comfort, but also a pleasant seat climate at any temperature. The integrated anti-submarining seat ramp and the firm lumbar support also ensure a relaxed posture and relief for the back, even on long days of gaming or working at home. With the unique 5D armrest and its numerous adjustment options, you can quickly and easily find the position that is most comfortable. Thanks to the stepless adjustability, the seat height of the gaming chair can be adjusted to your needs at any time. The backrest can also be steplessly adjusted to your personal seating needs using shifting wheels on the sides of the chair. Made in Germany. Limited to 1,911 units, with unique limited edition number label on the headrest. Copolymer-reinforced seat castors for all floors.

Design gaming chair in Pepita houndstooth look. GS-certified (safety tested). Headrest with belt passages and Porsche Crest. Height of armrest from seat: 170-270 mm. Height of backrest from seat: 942 mm. High-quality aluminium base made of lightweight alloy. Ideal for gaming or as an office chair for working at home.

Limited to 1,911 units. Load capacity up to max. 150 kg. Made in Germany. Ma
