Product details

Article number:	992907527A
Producer:	Genuine Porsche parts
Condition:	new New: a brand-new, unused.
Suitable for:	Porsche 911 > Model 992, 2019-today Porsche Cayenne > Model 9Y0 (18-), 2019-today
Side:	
Manufacturer price:	169,02 € (nett :142,03 €)
Discount:	10%
Available:	ready for shipping
Price:	152,12 € (nett:127,83 €)

Product description

The temperature sensor with OEM number 992907527A is a high-quality original replacement part for Porsche vehicles. This sensor is specially designed for Porsche 911 models in the 992 series and Porsche Cayenne models in the 9Y0 series (from 2018 onwards).

As a new part, this temperature sensor guarantees optimal function and reliability. It plays a crucial role in monitoring the temperature in various systems of the vehicle, which is essential for maintaining efficient engine performance and longevity. By accurately measuring and transmitting temperature data, the sensor helps to minimise the risk of engine damage that can result from overheating.

The use of original parts such as this temperature sensor ensures that the specific requirements of the vehicle are met exactly, guaranteeing the best possible performance and safety. The installation of this new, unused and undamaged item is straightforward, as it has been manufactured exactly to Porsche's high quality standards.

In summary, this temperature sensor is an excellent choice for vehicle owners who value quality, precision and durability. It ensures effective monitoring of critical temperature values and thus helps to maintain the optimum operating conditions for your Porsche.
