Discount:	80%
Available:	ready for shipping
Price:	6.175,11 € (nett:5.189,17 €)

Product description

This 7-speed PDK transmission with a limited-slip differential, specifically designed for the Porsche 911 model 991.2 Carrera 4, is an exceptional choice for enhancing your vehicle's performance. The transmission, identified by OEM number 9G130003141, is a genuine Porsche original part, ensuring compatibility and top-quality performance.

The PDK (Porsche Doppelkupplung) system offers seamless gear changes without interrupting traction, which is crucial for maintaining speed during acceleration and ensuring a smoother driving experience. This particular model includes the Porsche Traction Management (PTV) Plus system, which further enhances driving dynamics and stability by optimally distributing torque to the wheels and increasing agility and steering precision, especially in sharp turns or on slippery roads.

Conditioned as 'used', this transmission is in very good condition with no damage, maintaining the high standards expected from Porsche original parts. This gearbox is an excellent choice for drivers looking to maintain the integrity and performance of their Porsche 911 991.2 Carrera 4, while also enjoying the advanced technology that comes with the PDK and PTV Plus systems. Whether you're upgrading from a standard transmission or replacing a worn unit, this PDK gearbox with a limited-slip differential is tailored to enhance your driving experience.
