Available:	availability on request
Price:	1.740,55 € (nett:1.462,65 €)

Product description

This high-quality xenon headlight for the Porsche Cayenne E2/958.2 (model years 2010-2017) offers dynamic headlight range control and is specially designed for the left side of the vehicle. The black colour of the headlight gives your Porsche a stylish and modern look. This product is an original Porsche part and therefore guarantees the highest quality and a perfect fit.

The headlight is supplied without the control unit and the D1S xenon bulb, giving you the flexibility to choose these components according to your specific needs. The dynamic adjustment of the headlight automatically adapts the light beam to different driving conditions, resulting in improved visibility and thus increased driving safety at night or in poor weather conditions.

The OEM numbers for this headlight are 958941753K, 958941753E, 958941753A, 95863128131 and 95863128130, which makes it easy to identify and order the correct part. As a new, unused and undamaged item, this headlight meets the highest quality standards you can expect from Porsche Genuine Parts. Invest in this high-quality headlight to improve the performance and appearance of your Porsche Cayenne while maintaining the originality and value of your vehicle.
